

If We Believe

Written, arranged and performed by Tam Katzin and Chad Quist

You and I were built on kindness and love
There is magic here, it's what we're made of
And it's love as one that taught us to pray
The world would be more loving one day

The secrets of life blow in our hearts
They've been there from the start

Chorus:

Love is the answer
It's a matter of if we believe
Cause if we believe, love begins with you
Love begins with me, with me
It's a matter of if we believe

I sing out this song to the stars above
Requesting to capture this love
And send our way through the darkness of night
Embracing our truth and birth right

The secrets of love blow in our hearts
Transforming dark

Chorus:

Love is the answer
It's a matter of if we believe
Cause if we believe, love begins with you
Love begins with me, with me
It's a matter of if we believe

(bridge)

Some people say love isn't enough
Others believe love is asking too much
But I know for me, one day at a time
The love that I give returns home as mine

(solo)

Love is the answer
It's a matter of if we believe
Cause if we believe, love begins with you
Love begins with me, with me ... It's a matter of if we believe
